## **PART 5 – CASE FOR SUPPORT**

Please do not exceed **6 pages of A4**, excluding references. An allowance of 1.5 pages will be made for section headings.

### **Details of Fellowship Research**

Your description should include:

- The **background** and context to the proposed research and why it is important, including a brief overview of relevant known literature and how your proposed research adds to the evidence base.
- The main **aims & objectives** of the project
- A description of the **design and methods**, including a justification for sampling and anticipated challenges/risks for the design and the proposed solutions.
- Key **ethical** considerations and requirements for related approvals
- Expected **outcomes** from the research and pathway to impact
- The **timetable** and milestones for the project (you may wish to include a Gantt chart – not included in page limit).

### **Public involvement**

Within SSCR, when we talk about 'the public' we are talking about people who seek/use social care and their informal/unpaid/family carers. This includes:

- People who require and/or use social care support;
- Carers - people who offer unpaid care, usually family members, friends or volunteers

Please refer to the [SSCR Public Involvement webpage](#) and the [SSCR Public Involvement and Engagement Strategy](#) for further information and guidance.

Please detail how members of the public have been and will be involved in your research. This may include involvement in refining research questions, study design, data collection, interpretation of findings, dissemination, and evaluation of impact. Applicants should also consider how they will reflect on and learn from these relationships over the course of the Fellowship.

### **Practice involvement**

Within SSCR, when we talk about 'practice', we are talking about people who work in social care, including direct care staff, social workers, commissioners and policy makers.

Please detail how members of the practice have been and will be involved in your research.

This may include involvement in refining research questions, study design, data collection, interpretation of findings, dissemination, and evaluation of impact.

Applicants should also consider how they will reflect on and learn from these relationships over the course of the Fellowship.

### **Equality, diversity and inclusion (EDI)**

Equality, diversity and inclusion (EDI) are key principles for SSCR. We aim to create an environment where equality and diversity are considered at all stages of the research journey.

Please refer to the [SSCR Equality, Diversity and Inclusion Strategy](#) for further information and guidance.

Please detail how you have taken account of EDI in your proposal, this should include the delivery of the research, appointment of research staff and public/practice partners and also in dissemination and knowledge sharing strategies.

### **Knowledge Exchange & Impact**

Knowledge exchange is the mutual sharing of expertise, evidence and experience - and impact, defined as the demonstrable positive difference that research makes to people, practice, policy, and systems.

Please set out proposed outputs, knowledge exchange activities and detailed pathways to impact on policy, practice and future research.

Please consider the [SSCR Knowledge Exchange & Impact and Communications Strategies](#) when completing this section.

### **References (excluded from word count)**

Please provide references to any literature, research papers, policy papers and/or publications that are cited in - and relevant to - your proposal.

## **PART 6 - CAREER DEVELOPMENT PLAN**

### **Details of career development plan (500 words maximum)**

Please detail the training and development you are proposing to undertake as part of your award. This should include both training you may need to undertake to complete the proposed research and training to support your broader academic development as a future social care research leader. It may include but is not limited to:

- Formal courses
- Training in specialist skills & research methodologies
- Placements with other research groups or centres
- Leadership skills
- Conference attendance
- Overseas research visits

**PART 7 – RELEVANCE OF PROPOSED RESEARCH (Please do not exceed 1 page of A4)**

**Relevance of proposed research**

You should include:

- How your proposed research is relevant to, and supports, the thematic objectives of SSCR.
- If applicable, how your proposed research addresses the NHS Ten Year Plan & 'Three Shifts Framework' or directly address the recent DNSC adult social care priorities (<https://www.gov.uk/government/publications/adult-social-care-priorities-for-local-authorities>)
- How have you chosen the setting in which you plan to undertake the award?

**Will this project link to other parts of the NIHR, e.g., ARCs, Incubators, HDRCs? If yes, please briefly describe**
