- Assessment
- Project Finances
- Project Setup and Post-Award
- Q&A

Competition Overview

Innovate
UK

Summary

Innovate UK, part of UK Research and Innovation, will invest up to £2.5 million in this round (Round 6) of the Accelerated Knowledge Transfer (AKT) scheme.

The AKT scheme allows a UK Knowledge Base to work with a UK registered business, to deliver a short, rapid and targeted intervention.

This intervention will accelerate the evaluation or development of an innovation project or concept, with the potential for a significant impact for the Business Partner.

Each Innovate UK AKT project will establish a new partnership or consolidate an existing collaboration between the Knowledge Base and the Business Partner through knowledge exchange activity.

The application must be submitted by the Knowledge Base partner but will be developed in partnership with the Business Partner.

Scope

Projects can be open in scope but you must first consider how it will align with the six areas of the Industrial Strategy prioritised by Innovate UK. These are:

- Advanced Manufacturing
- Clean Energy Industries
- Creative Industries
- Defence
- Digital and Technologies
- Life Sciences

If your project does not align with one of the six priority sectors, it may still be eligible if it is exploiting a novel area of research and the Business Partner meets the criteria for a high growth potential.

Priority will be given to projects that align with the Industrial Strategy.

Innovate UK reserves the right to apply a portfolio approach to the rank order of projects.

Key Dates

Timeline	Date
Competition Opens	26 May 2026
Submission Deadline	15 July 2026 at 11am
Applicants informed	24 September 2026

Eligibility criteria

Eligibility Criteria – Your Project

Your project must:

- have a total grant request of no more than £35,000
- last 3 months
- carry out all of its project work in the UK
- intend to exploit the results from or in the UK
- Recruit an Associate and start within 6 weeks of grant offer

Eligibility Criteria – Lead Organisation

Lead organisation:

To lead a project your organisation must:

- be a UK registered higher or further education institution, RTO or Catapult

More information on the organisation types can be found in our [Funding rules](#).

The following organisations are specifically excluded:

- UKRI organisations and businesses owned or operated either wholly or partially by UKRI or one of its councils
- Advanced Research and Invention Agency (ARIA)
- Central government departments and the devolved administrations in Wales, Scotland and Northern Ireland

Eligibility Criteria – Collaboration

For this competition, your project must be collaborative with a business.

In all collaborative projects there must be:

- a UK registered business with at least 4 FTE
- evidence of an effective collaboration

*(The business **must** contribute a minimum of 10% of the projects overall costs)*

The following organisations are specifically excluded:

- Third sector or public sector organisations
- Any organisation eligible to become a KTP Knowledge Base must not apply as a Business Partner.

For example:

If the total project costs are **£35,000** the minimum costs that can be contributed by the business are **£3,500**

Eligibility Criteria

Subcontractors

- Subcontractors **are not** allowed in this competition.

Number of applications

- Each Knowledge Base can collaborate with any number of Business Partners
- A Business Partner can collaborate on up to 4 projects

Previously submitted applications

If you have previously submitted an application that reached our assessment stage, you can re-apply once more with the same proposal.

Previously submitted application	Not a Previously submitted application
<p>A previously submitted application is an application Innovate UK judges as <u>not</u> materially different from one you have submitted before (but it can be updated based on the assessors' feedback).</p>	<p>A brand-new application, project or idea that you have not previously submitted into an Innovate UK competition.</p> <p>or</p> <p>A previously submitted or ineligible application which:</p> <ul style="list-style-type: none">• has been updated based on assessor feedback• <u>and</u> is materially different from the application submitted before• <u>and</u> fits with the scope of this competition

Funding Rules

Pros & Cons of using AI to support you

With the advances in AI technology, it is only natural to use technology to support you in applying to our competitions. Whilst we don't recommend or advise against it, we would like to make you aware of the following which could potentially impact your project.

Pros

- Removes barriers for people with disabilities and non-English speakers
- Allows you to rephrase your content to meet the word count in a question
- Ensures all aspects of a question are answered
- Can aid a better understanding of:
 - intended/wider market
 - best practice in project management
 - complementary technologies and advances in the industry
 - expected project impacts

Cons

- It is not always accurate in its assumptions and can get things wrong
- AI learns from the information you give it as well as what it has already learnt
- May provide a generic response meaning your application could use similar phrasing to others
- AI can be detected as non-human as it lacks expression and insight because it relies on logic to summarise information based on the question asked

Other Innovate UK projects

If you have an **overdue** final claim or Independent Accountant Report (IAR) on a live Innovate UK project, you will not be eligible to apply to this competition, as a lead or a partner organisation.

We will not award you any further funding if you:

- applied to a previous competition as the lead or sole company and were awarded funding by Innovate UK, but did not make a substantial effort to exploit that award
- applied to a previous competition as the lead or sole company and failed to comply with grant terms and conditions
- please note if you have a live project in progress this does not prohibit you from entering this competition

Compliance with the UK Subsidy Control Regime

On 4th January 2023, the [Subsidy Control Act 2022](#) came into effect.

This provides a framework for public authorities to design and award subsidies in a compliant way, whilst minimising any negative effects of subsidies both within the UK and Internationally.

Innovate UK offers funding in line with the UK's obligations and commitments to Subsidy Control. To ensure that Innovate UK remains compliant with the UK's international Subsidy Control duties in respect of:

- the EU-UK Trade and Cooperation Agreement;
- the subsidy control act 2022
- Article 10 of the Windsor Framework (successful applicants which are affected by the Windsor Framework will be funded in line with [EU State aid regulations](#))
- Article 138 of the Withdrawal Agreement (some Union law applicable after 31 December 2020 in relation to the UK's participation in Union programmes and activities)
- the Subsidies and Countervailing measures within the WTO (ASCM)
- any other Free Trade Agreements active at the time of award

All awards will be conditional on compliance at all times with the UK's international obligations on Subsidy Control - this will be reflected in the terms and conditions of any award.

Subsidy Control (and State aid where relevant)

The Subsidy Control Act 2022 definition of a 'subsidy' means financial assistance which:

1. is given by a public authority. This can be at any level: central, devolved, regional or local government or a public body.
2. makes a contribution (this could be a financial or an in-kind contribution) to an enterprise, conferring an economic advantage that is not available on market terms.
3. affects international trade.

For awards made from 4 January 2023, the majority are subject to Subsidy Control Act 2022. EU State aid rules now only apply in certain limited circumstances.

Financial viability and eligibility

Innovate UK is unable to award funding to organisations that are considered to be in financial difficulty. All applicant organisations are subjected to financial viability and eligibility checks to ensure they are suitable for public funding.

[General guidance on Subsidy control \(and State aid where relevant\).](#)

Article 10 of the Windsor Framework

The EU and the UK formally adopted the [Windsor Framework](#) on 24 March 2023.

The Windsor Framework replaces the Northern Ireland Protocol, providing a new legal and UK constitutional framework.

Article 10 provides that European Union State aid rules will continue to apply to the UK in respect of measures which affect trade in goods or the electricity market between Northern Ireland and the EU.

Article 10 does not directly apply to subsidies for services and such subsidies will need to comply with the UK's subsidy control regime.

Undertakings in difficulty

In the unusual circumstance of an award having to be made under the EU GBER regulation (State aid), the applicant must pass **'undertaking in difficulty' checks as defined by GBER (2014)**.

Guidance on [Article 10 of the Windsor Framework](#).

No Subsidy

This competition has been designed to provide funding that is not classed by Innovate UK as a subsidy.

Your eligibility to be given an award on a 'No Subsidy' basis will be determined by Innovate UK after you have submitted your application.

You should still seek independent legal advice on what this means for you, before applying.

Further information about the Subsidy Control Act 2022 requirements can be found within the [Subsidy Control Act 2022 \(legislation.gov.uk\)](#)

It is the responsibility of the lead organisation to make sure all collaborators in the project remain compliant with the 'No Subsidy' status they are awarded.

It is important to note that it is the activity that an organisation is engaged in as part of the project and not its intentions, that define whether any support provided could be considered a subsidy.

Additional Support

Reasonable adjustments

We welcome and encourage applications from people of all backgrounds and are committed to making our application process accessible to everyone. This includes making [reasonable adjustments](#), for people who have a disability or a long-term condition and face barriers applying to us.

You can contact us at any time to ask for guidance. We recommend you contact us at least 15 working days before this competition's closing date to allow us to put the most suitable support in place. The support we can provide may be limited if you contact us close to the competition deadline.

You can contact Innovate UK by [email](#) or call 0300 321 4357. Our phone lines are open from 9am to 12pm and 2pm to 5pm UK time, Monday to Friday (excluding bank holidays).

Reasonable adjustments – what we need from you

To apply for a reasonable adjustment we will need to collect some information from you, below is the list of what we need:

- Name
- Organisation
- Email address
- Phone number
- Competition you are applying to
- Application number if you've started an application
- Consent to pass info to Innovate UK Business Connect

This information must be given to Innovate UK Customer Support Services, Business Connect are unable to provide support without a referral from CSS

Further information on the process can be found here <https://iuk-business-connect.org.uk/how-we-help/reasonable-adjustments-service/>

Reasonable adjustments – what we can do

Below is a list of possible adjustments we can make, this list is not exhaustive and not every adjustment will be appropriate for you, adjustments will be made on a case-by-case basis:

- Proofreading
- Clarifying language
- Resources
- Introduction to experts
- Time management
- Note-taking

Reasonable adjustments – what we can not do

The reasonable adjustments offered are designed to remove barriers to applying, they are not designed to make decisions for you or give you advice on an application. With that in mind, the support we offer does not include the below:

- Providing deadline extensions
- Choosing which competition to apply to
- Developing an idea
- Advising whether your idea is in scope for a competition
- Offering financial advice
- Helping with research

Funding opportunities

To find out more about the competitions currently available you can visit either the [Innovation Funding Service \(IFS\)](#) or the [funding finder](#) on the UKRI website. Through these links, you can review the competitions available and decide which ones may be right for you.

You can [sign up to our newsletter](#) to receive all the latest information on our competitions straight to your inbox or [register for email alerts](#) to get page updates from Innovate UK.

The government also offers [other opportunities for businesses to get finance and support](#).

Innovate UK reserves the rights to host competitions on a needs basis and will adjust each competition criteria and scope accordingly. We may occasionally run closed competitions that are for invited applicants only. These are run based on the challenge requirement or need.

Innovation Funding Service (IFS) and the application form

Creating an account

Select the radio button that aligns with your organisation type to apply as the project lead or partner..

For pre-existing businesses and Research organisations

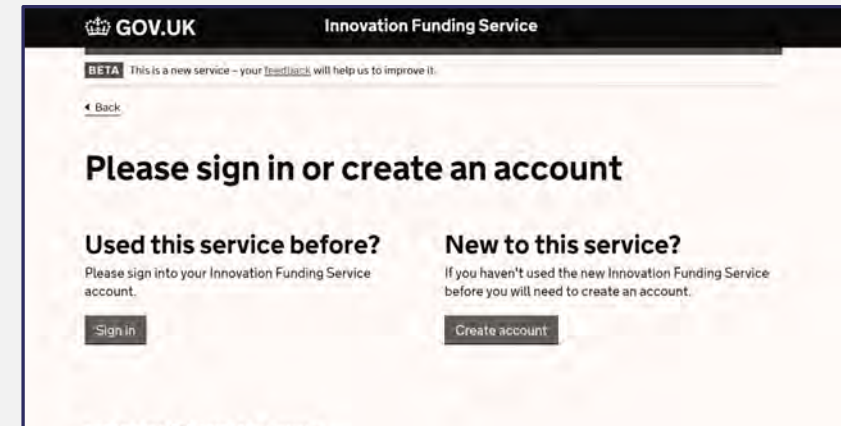

Use Companies House lookup using your company number. This facilitates our checks later if you are successful.

Academic Institutions

Are asked to enter their name and select from the list of organisations presented

If your organisation is yet to be formed

You will need to enter your information manually, should you be successful, you will need to be a registered organisation to receive funding.

Application Questions

Application Form		Word Count	Appendix
Question 1	Animal testing (not scored)	Multiple choice	No
Question 2	Permits and licences (not scored)	Multiple choice	No
Question 3	International Collaboration (not scored)	400 words	No
Question 4	Export licence (not scored)	Multiple choice	No
Question 5	Trusted Research and Innovation (not scored)	400 words	No
Question 6	Associate Identification	Multiple choice	No
Question 7	Number of Associates	Multiple choice	No
Question 8	Which of the IS 6 sectors described within the industrial strategy does your AKT most closely align with	Multiple choice	No
Question 9	Business Partner Type	Multiple choice	No
Question 10	Project Duration	Multiple choice	No
Question 11	Number of Business Employees	Multiple choice	No
Question 12	Business Partner Size	Multiple choice	No
Question 13	Business Partner SIC Code	10 words	No
Question 14	Business Partner registration number	20 words	No
Question 15	Partnership details	100 words	No

Application Form		Word Count	Appendix
Question 15	Partnership details	100 words	No
Question 16	Business Partner supervisor	50 words	No
Question 17	Business Partner supervisor's background	250 words	No
Question 18	Knowledge base supervisor	50 words	No
Question 19	Knowledge base supervisor's background	250 words	No
Question 20	Business Area	100 words	No
Question 21	Innovation	300 words	No
Question 22	Challenges and Risks	300 words	No
Question 23	Need for Business-Academic Partnership	300 words	No
Question 24	Project Outcomes	300 words	No
Question 25	Project Management	250 words	No
Question 26	Project Plan	300 words	No
Question 27	Associates Skills and Attributes	200 words	No
Question 28	Knowledge Base Declaration	Multiple choice	No
Question 29	Declaration of Accuracy	Multiple choice	No
Question 30	Applications from the Business Partner for KTP or AKT	250 words	No
Question 31	Previous funding information	200 words	No

Project Team

- Recommend Generic email for Project Manager – to accept your Grant Offer Letter on IFS and to receive the tasks on Good Grants
- Finance officer contact – to access the Finance claims
- KTA Monitoring Officer – please assign Lucia.locubiche@iukbc.org.uk as early as possible on IFS to accept the application

If your Project Manager or Finance Officer email changes after submitting the application, these need to be notified to akt@iukbc.org.uk

Please note that updating the contact details will take time, so we advise to add a generic email for your team to avoid delays

National Security and Investment Act - overview

Subject to certain criteria, UK applicants are legally required to tell the government about acquisitions of certain entities in 17 sensitive areas of the economy (called 'notifiable acquisitions').

<https://www.gov.uk/government/publications/national-security-and-investment-act-guidance-on-notifiable-acquisitions/national-security-and-investment-act-guidance-on-notifiable-acquisitions>

These 17 areas are:

- Advanced Materials
- Advanced Robotics
- Artificial Intelligence
- Civil Nuclear
- Communications
- Computing Hardware
- Critical Suppliers to Government
- Cryptographic Authentication
- Data Infrastructure
- Defence
- Energy
- Military and Dual-Use
- Quantum Technologies
- Satellite and Space Technologies
- Suppliers to the Emergency Services
- Synthetic Biology
- Transport

If there is significant uncertainty about whether an acquisition is notifiable, you may contact the government on **investment.screening@cabinetoffice.gov.uk** to seek a view or get legal advice from your own sources.

UK Strategic Export Controls - overview

[UK strategic export controls - GOV.UK](https://www.gov.uk/guidance/uk-strategic-export-controls)

The UK government has put together this guidance for those who export or transfer goods, software or technology (including data, information and technical assistance) which might be subject to strategic export controls.

It explains what control lists are, as well as who they apply to and when, so that exporters can make sure they comply with the law.

Applicants should assess how these controls may impact the project and confirm if they will need a licence (see question 5).

Q3 International Collaboration (not scored)

Does your proposed work involve any international collaboration or engagement?

You must provide details of any expected international collaboration or engagement. You must include a list of the names and the countries any international project co-leads, project partners, visiting researchers, or other collaborators are based in. You must also include details of any subcontractors or service providers.

If your proposed work does not involve international collaboration or engagement, your answer must confirm this.

Q5 Trusted Research and Innovation (not scored)

You must explain if your proposed project work relates to UKRI's Trusted Research and Innovation Principles, including:

- a list of any dual-use (both military and non-military) applications to your research
- a list of the areas where your project is relevant to one or more of the 17 areas of the UK National Security and Investment (NSI) Act)
- whether an export control license is required for this project under the academic export control guidance and the status of any applications
- a list of any items or substances on the UK Strategic Export Control List

We may ask you to provide additional TR&I information at a later date, in line with UKRI TR&I Principles and funding terms and conditions

Terms and Conditions

Before you can submit your application, **all** organisations in an application must agree to the draft terms and conditions for this competition.

Please ensure you share the T&Cs with your legal team at the earliest possible opportunity.

Terms and conditions

You must agree to these before you submit your application.

Application Questions and Assessment

Assessment Process:

- Three assessors
- Written feedback will not be provided

Scored Application Questions:

- Innovation
- Challenges and Risks
- Need for Business Academic Partnership
- Project Outcomes

Application Assessment

Innovation

- What are the needs driving the innovation?
- How the project aligns to an internal need and/or external 'market'?
- What opportunities will be realised if the solution is successfully deployed?

Application Assessment

Challenges and Risks

- What are the challenges and risks associated with delivery?
- Has the acceptance, or non-acceptance, of the innovation (either internally or externally) been considered?
- Are there any IP related challenges or risks?

Application Assessment

Need for Business-Academic Partnership

- What skills, expertise, knowledge or capability does the business need to realise value from the innovation, and to what extent will the funding accelerate or enable the project?
- What skills, expertise, knowledge or capability do the academic(s) have that will support the development of the innovation?
- What options have been considered to continue the collaboration post-project?

Application Assessment

Project Outcomes

- If the development of the innovation was successful, what is the potential internal and/or external direct/indirect commercial impact?
- What are the post-project actions and investments that may be necessary by the business to extract optimum value from the innovation?
- What is the potential for additional environmental, societal and well-being impacts/benefits?

Application Assessment

Unscored Questions

- **Project Management**
- **Project Plan**

No detailed workplan is required, however, a summary of the key project stages is required, along with an approximate timeline.

Sufficient information must be provided to assure the assessors that the project has been well planned and will be managed in accordance with the requirements of the competition.

Eligible Cost Categories on IFS

- The eligible cost categories that can be used within the application form are:
 - associate employment costs
 - associate development
 - travel and subsistence
 - consumables
 - academic supervisor costs
 - additional associate costs
 - estates
- The ineligible cost categories that cannot be used within the application form are:
 - other

Grant Costs: Supervision Costs (required)

fEC

Knowledge Base Supervision Employment Costs

(Typically 0.5 days per week (minimum of 0.25 days) calculated at Gross Salary + on costs

This covers the full employment costs of the Supervisor and overhead based on supervisor FTE, calculated through FEC

or

Non-fEC

Academic and Secretarial Support

(£15,000 per year, calculated based on the duration of the project)

Grant Costs: Associate Employment (required)

Associate Employment Costs, of 0.5 - 1 FTE of 'Associate' capacity to deliver the project

(Role can be shared between up to two individuals 0.5FTE or one individual 0.5FTE or 1FTE)

This covers the full employment costs of the associate/(s)

Grant Costs: Associate Development (required)

Associate Development Costs: The maximum associate development costs are up to **£50/month** *(for example, a 3-month project with one Associate will have a maximum amount of £150)*

Should be used to enhance Associates capability to undertake the project, such as:

- Short courses, such as online course
- 1 Conference or event
- Monthly subscription to relevant learning platform (annual subscriptions are not valid)

Grant Costs: Travel, Consumables and Estates (optional)

Up to £3,500 of the project costs can be used to pay for travel, consumables & estate costs
(There is no limit, however, combined these **MUST** not exceed £3,500, ***any changes within these categories must be done through a project change request (PCR), additional costs must be met by additional business partner contributions***)

- Travel & Subsistence are only eligible for the Associate and Knowledge Base Supervisor travel for project meetings, or key project related visits.
- Consumables must be significantly transformed or no longer exist after the project to be eligible
- Estate Costs can be used for specialist Lab facilities

Grant Costs: Knowledge Base Overheads

Additional Associate Support

fEC

50% of the annual FEC amount, calculated based on the duration of the project, no additional items can be added

This covers the overheads for the Associates employment through FEC

or

Non-fEC

Indirect Costs

46% of Associate Employment costs and Academic and Secretarial Support combined

If the Associate is based at the Knowledge Base, an overhead can be included and must be calculated in line with the overheads for the knowledge base. The hours or FTE of the Associate and duration of the project must be considered.

Example Costings – fEC 3 months

Eligible costs	Total cost	Innovate UK grant at 90%	Business partner Contribution at 10%
Associate employment costs	£13,750.00	£12,375.0	£1,375.00
Associate development	£150.00	£135.00	£15.00
Travel and subsistence	£2,000.00	£1,800.00	£200.00
Consumables	£1,000.00	£900.00	£100.00
Knowledge base supervisor	£5,000.00	£4,500.00	£500.00
Estate costs	£500.00	£450.00	£50.00
Additional Associate Support	£4,500.00	£450.00	£4,050.00
Grant payable or business contribution in total	£26,900.00	£24,210.0	£2,690.00

Example Costings – non-fEC 3 months

Eligible costs	Total cost	Innovate UK grant at 90%	Business partner Contribution at 10%
Contribution to associate employment costs	£13,750.00	£12,375.00	£1,375.00
Associate development	£150.00	£135.00	£15.00
Travel and subsistence	£2,000.00	£1,800.00	£200.00
Consumables	£1,000.00	£900.00	£100.00
Estate costs	£500.00	£450.00	£50.00
Academic and Secretarial Support	£3,750.00	£3,375.00	£375.00
Indirect Costs	£8,050.00	£7,245.00	£805.00
Grant payable or business contribution in total	£29,200.00	£26,280.00	£2,920.00

Project Setup & Post Award

Project setup

- IFS
 - Financial Information
 - Bank details
 - Returned Grant Offer Letter

You are expected to complete all the IFS steps within **30 calendar** days of receiving your notification.

- Good Grants
 - Confirm any project changes
 - Project details
 - Project team
 - Start Date
 - Associate Details

You are expected to complete these steps on Good Grants within **6 weeks** of receiving your Grant Offer Letter and once you have a start date for the associate. The Project can only commence once you an associate's start date and this is approved

Failure to complete the above steps within the schedule may result in funding being withdrawn.

Post Award: Claims and Reporting

- IFS
 - Final Financial Claim
 - Transaction List
 - Virtual Approval
 - Schedule 3
- Good Grants
 - Interim monitoring
 - Interim Report
 - Final Claim
 - Final Report
 - Case Study
 - Associate Presentation

You must complete the finance claim within 60 days from your project end date. This will be issued to the Finance Contact in the Project Team identified within the application.

You must complete the Interim Monitoring between the 6th and 8th week of the project.

You must complete the Final Reporting within 30 days from your project end date.

The Project Manager in the Project Team identified within the application will receive the notifications for all actions required within Good Grants.

An Example of a project timeline

Grant Offer Letter Issued - 24th September – Recruitment process starts

New Project Workshop – Late September

Last date to return the Grant Offer Letter - 24th October

Last date to start your project 5th November

Interim Report – 6 to 8 weeks after your start date

Project ends – 7th March

Final Report and Case Study by 7th April

Virtual Approval and Finance Claim by 7th May

Claim processed for payment by 7th June
